

Cinema operation for COVID-19 Safety *from February 2022*

- There are around 50 seats typically comprising 8 singles and 20 twins in rows set 1.5 metres apart, giving 59% of the cinema's former normal capacity (85). There are 8 rows (rather than 11 that we used to have). We may add another row of 6 seats bringing the total to 56 (66% pre-Covid).

Within a row there is a 1 metre gap between left and centre twins, 0.5 metre between centre and right twins, and 1 metre between right twins and the singles. People in the centre and right twins can close the gap if they wish to make four seats together. You can sit with anyone you wish to sit with as bubbles no longer apply. We may rearrange two adjacent twins to make a quad or a triple and a single.

- All seats must be booked in advance** by email.
- Seats are £5 each.** Please bring the right amount in cash. We are not using *FreeChoice* cards at present.
- Do not enter** if you or anyone in your household has a :
 - temperature of 37.8 C or above
 - a **new** continuous dry cough
 - loss or change to their sense of smell or taste
 - a cold, headache or sore throat or generally feel unwell
 - are isolating owing to having had a positive lateral flow or PCR Covid test.
- Please **queue outside** to avoid crowding inside.
- You can **wear a face covering** if you choose to but it is optional.
- Please **wash/sanitise your hands** on entry.
- No refreshments** or **emergency water** will be provided. Please bring your own drink/water.
- Ventilation** will be increased by **opening the skylight** (if it isn't raining). It would be wise to have a warm fleece/cardigan/jacket/coat to wear if you need it.
